

4th E-MOBILITY STAKEHOLDER FORUM

CONFERENCE PROGRAMME

25th & 26th May 2016

HOTEL PULLMAN BRUSSELS CENTRE MIDI

BRUSSELS

@eMobilityForum

The 4th e-mobility stakeholder forum twitter hashtag is [#eMSF2016](#)

DAY 1		
12.00 – 13.30	Registration and welcome lunch	
13.30 – 13.40	Welcome words	
13.40 – 14.00	Keynote speech Magda Kopczynska European Commission DG MOVE	
14.00 – 14.20	Inspirational speech Solar Impulse Representative (invited) or Philippe Crist, OECD (invited)	
14.20 – 15.30	Urban e-mobility policies What goals, what actions, what results? <i>Moderator: Robert Stussi, Mobility Consultant</i> Serge Orru, Paris Mayor Councillor for Sustainable Development, Environment, Climate & Circular Economy Helge Jensen, Assistant Director, Oslo City Urban Environment Agency (invited) Rhona Munck, Transport for London Àngel López Rodríguez, eMobility Program Manager, Barcelona City Council Julius Menge, Senate Department for Urban Development & Environmental Protection Berlin (invited) Helena Hecimovic, Koprivnica City	
15.30 – 16.00	Coffee Break	
16.00 – 17.30	Parallel Workshops – Session 1*	
	Multimodality: Sharing & optimising the charging infrastructure Technical	EVs' Fleets in Practice Operational
	Implementation of the Alternative Fuels Directive: Policy Frameworks Policy	
17.30 – 18.30	Cocktail Reception Including informal posters' sessions.	

*The parallel workshop sessions are split into three strands: **Operational**, **Policy** and **Technical**. You may choose to attend all three sessions in one strand or mix and match between the threads.

DAY 2			
8.30 – 9.00	Registration and Welcome Coffee		
9.00 – 10.30	<p>Plenary Session: State of e-mobility: Key developments <i>Moderator: Karen Vancluysen, POLIS</i></p> <p>European Alternative Fuels Observatory, I-CVUE, FREVIEW & ZeEUS: Projects' achievements and results</p> <p>Tanja Dalle-Muenchmeyer, FREVIEW Umberto Guida, ZeEUS Harm Weken, I-CVUE Bert Witkamp, AVERE</p>		
10.30 – 11.00	Coffee Break		
Parallel Workshops – Session 2*			
11.00 – 12.30	Smart charging & enhancing energy management Technical	EVs and urban design opportunities Operational	Clean vehicles and services procurement in practice Policy
12.30 – 13.30	Lunch		
Parallel Workshops – Session 3*			
13.30 – 15.00	Standardisation: the interoperability enabler Technical	From Research to Market Take-Up Operational	Regulatory & Organisational Frameworks – Impact on EVs Policy
15.00 – 15.30	Coffee Break		
15.30 – 16.30	<p>Final Roundtable Discussion <i>Moderator: Robert Stussi, Mobility Consultant</i></p> <p>Hugues Van Honacker, European Commission DG MOVE Tanja Dalle-Muenchmeyer, FREVIEW Umberto Guida, ZeEUS Tim Anderson, I-CVUE</p>		
16.30 – 17.00	Conclusions & Wrap-up		

Parallel workshops – Session 1

Wednesday 25th May 2016 – 16.00-17.30

Technical 1

MULTIMODALITY: SHARING & OPTIMISING THE CHARGING INFRASTRUCTURE

With the current push towards a fully integrated mobility system, this session explores the possibilities to share the infrastructure between different modes: e-bikes, e-scooters, e-cars, e-bus, e-freight ...

How would it be technically possible to achieve such a goal and who shall be the "integrator"?

Moderator	<i>Moderator: Carlo Mol, VITO</i>
Speakers	Antonio De Santiago Laporte, Metro de Madrid (invited) Michael Glotz-Richter, Bremen City Maryline Marilly, Source London Patrick Gagnol, EDF

Operational 1

EVs FLEETS IN PRACTICE

What impacts does the introduction of EVs have on the operators (PT, freight, e-cars fleet managers, etc.)?

Expected and unexpected issues encountered in the implementation on the ground, how they have been solved, how to overcome and anticipate them better?

Moderator	<i>Moderator: Umberto Guida, UITP</i>
Speakers	José Guilherme, CTT Marco Menichetti, E-bridge project Jan Barchanek, DPP Prague Mobility Parc, Wattworld, Switzerland (invited)

Policy 1

IMPLEMENTATION OF THE ALTERNATIVE FUELS DIRECTIVE: POLICY FRAMEWORKS

With the clean fuel strategy launched by the EU, let's have a closer look at:

- the guidelines prepared by the European Commission on how to implement the Alternative Fuels Directive
- the National Policy Frameworks for the market development of alternative fuels and their infrastructure

Moderator	<i>Moderator: Valerio Recagno, D'APPOLONIA</i>
Speakers	Kevin Cheung, European Investment Bank Hans-Jürgen Salmhofer, Austria Tech Rik Boddeus, Department for Enterprise and Innovation, Ministry of Economic Affairs, Netherlands Joint Agency for Electric Mobility of the German Federal Government representative (invited)

Parallel workshops – Session 2

Thursday 26th May 2016 – 11.00-12.30

Technical 2

SMART CHARGING & ENHANCING ENERGY MANAGEMENT

The growing use of auxiliaries on-board of vehicles does have a strong impact on energy consumption. Reducing this impact is crucial in saving energy, allowing EVs to perform better and to increase their range. Moreover, IT tools can help implementing efficient smart charging strategies.

Moderator	<i>Moderator: Dominique Breuil, EIGSI</i>
Speakers	Christian Hahn, Hubject Eva Español Uson, Edenway Juhani Laurikko, VTT Begoña Galindo Galiana, Aimplas

Operational 2

EVs & URBAN DESIGN OPPORTUNITIES

How to put forward design of vehicles and infrastructures to integrate them with style in the urban environment, thus contributing to making EVs more attractive?

Moderator	<i>Moderator: Giuseppe Attoma, Attoma</i>
Speakers	Henk Janssen, LightMotion Sergio Fernández Balaguer, EMT Benoît Dupont, Formula E Yo Kaminagai, RATP (invited) BMW representative (TBC)

Policy 2

CLEAN VEHICLES & SERVICES PROCUREMENT IN PRACTICE

Developing new tools to support market uptake: Joint Procurement for e-cars, e-trucks, e-buses fleets?
What specifications for vehicles and infrastructure?

Moderator	Karine Sbirrazzuoli, Urban Foresight
Speakers	Janusz Bosakirski, MZA Warsaw Ulf Gustafsson, VOLVO Tim Anderson, EST Jos Streng, City of Rotterdam

Parallel workshops – Session 3

Thursday 26th May 2016 – 13.30-15.00

Technical 3

STANDARDISATION: THE INTEROPERABILITY ENABLER

What scope for standardisation of EV infrastructure?

Moderator *Thierry Legrand, CEN/CENELEC*

Speakers
Philippe Grand, IVECO & Chairman of the ZeEUS Standardisation Working Group
Sebastian Albertus, Renault & eMI3
Jörg Heuer, Siemens
Ralf Ianelli, Bosch (invited)

Operational 3

FROM RESEARCH TO MARKET TAKE-UP

The Valley of Death and beyond. How to address the funding gap between research and market take-up: identifying the key difficulties each e-mobility mode faces and how their market take-up can be supported through the different funding streams currently available.

Moderator *Moderator: Celine Cluzel, Element Energy*

Speakers
Francisco Balmas Gonzalez, TMB
Georgia Aifadopoulou, Novelog Project
Jean-Luc Delplancke, Fuel Cells and Hydrogen Joint Undertaking
Dorothee Coucharrière, European Commission DG MOVE

Policy 3

REGULATORY AND ORGANISATIONAL FRAMEWORKS – IMPACTS ON EVs

Which current regulatory and organisational frameworks are stumbling blocks for EV deployment? How can these be addressed and how can stakeholders cooperate?

Moderator *Oscar Sbert-Lozano*

Speakers
Mette Hoe, Copenhagen Electric
Marc Vanhoutte, TRANSDEV
Lourdes Garcia Duarte, ENDESA
Brian Robinson, LowCVP
